

Bomanite

Imagine

What Can You Imagine?

Encounter the beauty of concrete.

Imagine a countertop that is beautiful enough to transform plain expanses into works of art, durable enough to withstand the test of time, and innovative enough to reflect any style. Imagine no longer. Bomanite concrete countertops are the answer to your desires. In kitchens, bathrooms or corporate boardrooms, custom concrete countertops by Bomanite create a dramatic, customized environment.

Imagine The Possibilities.

Imagine strength and versatility.

The possibilities for creative expression with concrete are endless. Not only is concrete durable and strong, but it is the most versatile material available; it can be molded and shaped with great precision and delicacy. Concrete can be formed into both simple and complex shapes, based on your needs and design expectations.

Imagine your personal style reflected in your countertop.

Concrete can be made to complement any style of décor. Unlike traditional countertop materials, Bomanite concrete countertops can be colored, polished, stamped and stained. Objects can be embedded in it. The surface can be colored and textured to make it look of timeworn tile, evoking the feel of old world charm. It can be colored, smoothed and polished, giving the illusion of elegant, sensuous stone or hand-carved marble. Or, left without color, the countertop can be ground and polished, revealing its raw beauty to harmonize with natural materials like wood, stone, and brick.

Imagine Bomanite concrete countertops for your next project.

Concrete works well in any setting, from restaurant bars to corporate boardrooms to residential spaces, such as kitchens and bathrooms. Our highly skilled and specially trained Bomanite contractors will work with you to create a one-of-a-kind countertop that performs as a functional, yet personal work of art. Call your licensed Bomanite contractor in your area today.
